Subject: Requesting slides from Sunday, Aug 9, public meeting
Importance: High

Good morning,

The City Manager s Office of the City of Durango is editing together footage captured at the public meeting on the Gold King Mine.

Due to the low ambient lighting in the room, it made it difficult to catch clear images of your slides on the projector.

We are requesting a copy of slides so we can display them cleanly in the edited video.

At your earliest connivence, please send a copy to:
DurangoPIO@DurangoGov.org

Thank you kindly!

PS when calling your office phone, 303-312-6178, your voice mail gives the cell # 303-569-4371.

This cell # sends me to a media company, and they say they have fielded many calls asking for you.

Just a heads up

.....

Mitchell Carter
